UNMATCHED STEEL PRODUCT PRICE

Advantages

QUALITY: We deal only with the leaders in steel production providing the best quality produced from the finest raw materials available.

WIDE RANGE OF PRODUCTS : As we deal in wide range of products, we are capable of providing widest range of steel products under single window concept of steel centre where all material properly sized is supplied.

Our Stockyard

We have well stocked warehouse capable of stocking bulk quantity of finished steel products and proper handling facilities to service customer's needs.

After Sales Service

Our experienced personnel provide guidance in applications of various steel products felicitating ease of operation and saving in costs.

Cost Saving

We supply material with negative rolling tolerances fully meeting the standards making the cost saving possible due to lower sectional weight.

Specific length orders are serviced on demand making you achieve reduction in wastage.

Our experienced and qualified engineers can help you in achieving reduction in steel consumption and cost.
